Showcasing: The Montauk containers

The background of the slide features a photograph of a large, leafy green plant in a terracotta-colored pot. The plant is positioned to the left of a window, which reflects the outdoor greenery. A solid blue horizontal band is overlaid across the middle of the image, containing the title text in white. The bottom portion of the image shows the top of the orange pot and the lower part of the window frame.

TOP DRESSINGS + CONTAINER ACCESSORIES

POLY PEBBLES

Beautiful top dressings give the look of smooth river stones without the weight of real stone. Poly Pebbles are made from 100% recycled plastic and as durable as real stones at only a fraction of the weight.

- Sustainable - Crafted from recycled materials
- Attractive - Stone replicas are great for all plant options
- Lightweight - Stone appearance without the excess weight

PRO TOAST

Mulch and wood chips are a staple of sunny outdoor gardens and shady nature trails due to their time-tested durability and ease of application. This formula for success is incorporated into our Pro Toast top dressings which utilizes organically grown wood chips to produce a beautiful wood finish that is flame and decay resistant.

- Toasted – Beautifully toasted hardwood for extra strength and longevity
- Eye-catching – Dark and medium wood options to complement any plant
- Durable – Perfect for indoor and outdoor use

FRESH SPANISH MOSS

The same beautiful Spanish moss that hangs enchantingly from old Cyprus and Oak trees, evoking picturesque visions of the deep American south on a hot summer's day.

- Natural - Fresh cut and air-dried for an authentic appearance
- Eye-catching - Evokes the beauty of the American wilderness
- Refreshing - Organic alternative to mulch and wood chips

MOSS ROLLS

An organic and sustainable alternative top-dressing that is 100% natural. Our dormant moss rolls are never dried or artificial.

- User-Friendly – Nylon backing allows for precision placement
- Eco-Friendly – Sustainably grown and environmentally friendly
- Decorative – Lush, beautiful mosses from around the world

EXCELSIOR MOSS

Specially engineered moss substitute that provides the awe-inspiring look and feel of real Spanish moss. The Excelsior moss is made from 100% all natural shaved wood materials that eliminates the potential for mold and mildew, and is designed specifically for indoor plants.

- Natural – Made from all natural shaved wood material
- Decorative – The beautiful look and feel of fresh organic moss
- Functionality – Engineered for plants with indoor environments
